Comment. Between 28 August and 2 September, 5 shipments of artillery units of the 94th Gds Mtz Rifle Div from Hagenow, and Wismar were observed in the Letzling Heath. It is possible that the unloadings involved armored elements of the 94th Gds Mtz Rifle Div, which may indicate that this division conducted an exercise in the Gardelegen - Letzlingen Heath area in early September. The unloading of signal equipment, as well as the columns with 85-mm AT guns, also tend to indicate that major exercises were held there. Comment. Artillery units of the 94th Gds Mtz Rifle Div 25X from the divisional exercise, which was assumed to have taken place there. See Comment 1. The shipments to Guestrow tend to indicate that elements of the 10th Gds RL Regt of the IX Rifle Corps also participated in the exercises. 25X Comment. The elements of the 4th Gds Arty Brig of the IX Rifle Corps, which had been observed on 1 September, returned, possibly from an exertise of the 94th Gds Mtz Rifle Div.		SECRET			,] .	:	.*
